Public Schools

[Top](#)

Lombard's superior school system is made up of five public school districts.

Elementary School District 44 includes 3,067 students and serves almost all of Lombard. The district enjoys a reputation for academic excellence. The average teacher has 16 5 years of experience in teaching and more than half hold master's degrees. Social services provided by the district include social work, psychological evaluation, speech therapy, reading, counseling and student health care. Seven elementary schools and one junior high school comprise the district

Each District 44 school has an active PTA organization, and a Citizens Advisory Council provides the Board of Education with information pertaining to community opinion and priorities. Parental involvement in District 44 schools is welcomed and encouraged

Although Elementary School District 45 has seven schools, only three are located in Lombard. Approximately 1,200 students from Lombard attend school in District 45. Some students attend Community Consolidated School District 89, Glen Ellyn. Westfield School and Glen Crest Junior High both serve Lombard residents.

Glenbard East High School is also located in Lombard. It is one of four high schools of District 87. Honors, foreign language and computer education programs help to ensure that the more than 60 percent of graduates who continue their education are well prepared for advanced study

Glenbard East, one of District 87's "four star" schools, reflects the district's slogan, "Where Excellence Is Tradition."

Some Lombard students attend Willowbrook High School in Villa Park. Willowbrook is one of two high schools that make up District 88. Willowbrook is a four year comprehensive high school that opened in

September 1959. It has a modern, spacious physical plant and campus of 75 acres. Willowbrook also serves the communities of Villa Park, York Center, Oak Brook, Oakbrook Terrace and part of Elmhurst.

Private Schools

[Top](#)

Private parochial school organizations serve Lombard families who desire a religious learning atmosphere for their children. There are six private parochial grade schools serving Lombard. Montini Catholic High School serves Lombard and neighboring communities.

National University of Health Sciences

[Top](#)

National University of Health Sciences (NUHS) at 200 East Roosevelt Road in Lombard, is a five academic year, private, not-for-profit institution accredited to offer the professional doctor of chiropractic degree, the bachelor of science degree in human biology and a certificate in massage therapy.

National was founded in 1906 in Davenport, Iowa, as National School of Chiropractic. The institution was relocated to Chicago in 1908 and renamed The National College of Chiropractic (NCC) in 1920. In 1963, National moved to Lombard where its 32-acre facility includes classrooms, teaching and research

laboratories, dormitories, a Learning Resource Center, clinic, and the National MRI Center. Three additional acres of residential and commercial property are also part of the campus complex.

National further expanded its educational program offerings in September 2000 when it officially changed its name to National University of Health Sciences (NUHS). The new name emphasizes the institution's goal to offer integrated educational programs in alternative and complementary medicine so that university graduates will be fully prepared to work with other professionals within the health care community for the benefit of the patient.

The Massage Therapy Certification Program is the first of several new programs to be offered. Others on the horizon include a doctorate in naturopathic medicine and a master's degree in acupuncture.

National admits new chiropractic and massage therapy classes in January, May and September. For the doctor of chiropractic program, the

university requires a baccalaureate degree in arts or sciences from an accredited college or university as well as other specific prerequisites. The curriculum includes didactic, problem-based, and practical instruction in the basic and clinical sciences, as well as an intensive clinical internship in one of five university-operated health care facilities. This rigorous program is designed to train students to meet the requirements of state licensing boards and to sit for numerous international board examinations.

The NUHS Health Care Clinic is situated on the east side of the Lombard campus and provides massage therapy and a full range of chiropractic patient services to the west suburban population. The center contains over 40 treatment and examination rooms and the National MRI Center.

For more information on admission to National University of Health Sciences, contact the Office of Admissions at (800) 826-6285 or (630) 889-6566. To contact the NUHS Health Care Clinic, call (630) 629-9664. Web site: www.nuhs.edu

The Chicago School of Professional Psychology

Top

The Chicago School, founded in 1979, provides outstanding graduate programs in Psychology. A Chicago School education emphasizes cultural diversity, small classes (taught by accomplished faculty who are also practicing professionals in their fields), and community service. Our programs blend scholarly theory with hands-on practical training, offering students the knowledge and experiences they will need to be an outstanding psychologist. We offer at our DuPage County Campus:

- M.A. in Forensic Psychology, the only program of its kind in the Midwest.
- * M.A. in Clinical Psychology with a specialization in Counseling.
- * M.A. in Industrial & Organizational Psychology, designed to meet the needs of both the recent graduate or the full-time professional. (Beginning in Fall 2004)

The Chicago School is located in the first building (closest to the Roosevelt Rd) on the campus of the National University of Health Sciences at 200 E. Roosevelt Road. To learn more about the Chicago School visit their website at www.csopp.edu

OUR VILLAGE

SHOPPING

Lombard is very proud to be home to one of the nation's major regional shopping malls -- Yorktown Center -- an enclosed mall located on 120 acres of property. Yorktown recently completed a major \$15 million renovation which introduced the fine Von Maur fashion retailer to the Chicago area, created a new, 525-seat atrium food court and upscaled all interior mall surfaces and outer facades. A new porte-cochere at the exterior food court entrance shields shoppers from the elements and reinforces the Yorktown Center motto "Always in Season." Yorktown Shopping Center is anchored by J.C. Penny, Carson Pirie Scott and Von Maur. Adjacent Convenience Center free-standing stores, restaurants and cinemas complement the Yorktown experience.

Other shopping opportunities in Lombard include an array of smaller stand-alone stores and larger commercial strip centers, such as High Point Centre and Lombard Pines, as well as Northgate and Eastgate.

Lombard's historic downtown combines shopping with a leisurely walk through the center of town for residents and visitors alike. The Village has made a significant investment to improve the downtown

streetscape, preserving the shopping and historical importance of the area.

Lombard's dining options offer other ethnic favorites, including Asian, French, Greek, Italian and Mexican delights. Popular Chicago restaurants with Lombard locations offer a big-city dining experience seasoned with a bit of local flavor.

OUR VILLAGE

TOURISM

The Village of Lombard is fortunate to be home to several exceptional hotels available to business travelers and tourists in the Chicago metropolitan area. These hotels, such as Embassy Suites, The Hampton Inn and the Marriott Residence Inn are complemented by the fact that Lombard also boasts of a regional shopping mall, Yorktown Center, which adds substantially to the overall character of the Village.

Location is also one of Lombard's many positive aspects when considering tourism. Located in the heart of DuPage County and at the crossroads of the major expressways, Lombard is easily accessible to both local and regional as well as Chicagoland attractions. Whether it's a night in the big city, a quiet dining experience in one of Lombard's many fine dining establishments or an evening out taking in a local state production, there's never a dull moment when considering staying in Lombard.

OUR VILLAGE

SENIORS

Taxi Subsidy Program | RTA Passes

Taxi Subsidy Program

[Top](#)

The Village of Lombard offers Seniors age 65 or older or persons with disabilities, a coupon based cab program. There is a one time fee of \$4 to sign up for the program and the participant is provided with a picture ID. The participant is then allowed to purchase up to two coupon books per month. The coupon books are worth \$26 and are sold for \$5.00 each. *Coupons are used just like cash and may be used for one full year from date of issue.* Auto Ride, AAA Universal, and American Taxi are the cab companies licensed to do business in the Village of Lombard. Hours for registering at the Village Hall are during regular Village Hall hours. Monday 8am - 7pm, Tuesday 8am - 4:30pm, Wednesday 7am - 4:30pm, Thursday 8am - 4:30pm, Friday 8am - 4:30pm

RTA Passes for Buses or Trains

[Top](#)

The RTA has established reduced rates for senior citizens and physically challenged individuals; however, only those citizens who present a pass when purchasing a ticket will have the privilege of riding the bus or train at the reduced rate.

In order to obtain a pass, a citizen must first complete an RTA application form (available at the Village Hall), *provide two pictures and a photo copy of a valid driver's license or Illinois I.D. card.* Pictures will be provided free of charge at the Village Hall Building Monday to Friday from 10 a.m. to 3 p.m.

The Village of Lombard is an authorized Registration Center through which pass applications may be made. The Village is required to complete one portion of the application and we ask that you bring all the required items to Village hall to fill out the application. The Village will then work with the citizen to ensure the application for a pass is properly completed and submitted to the RTA. If so desired, the application may also be taken home for completion and brought back with the necessary items for a pass to be issued.

For those citizens who are unable to make a photo copy of their driver's license or I D card, this can be done by the Front Desk staff at the Village Hall free of charge. Front Desk staff will then send the required items to the RTA at no cost to the citizen. The senior citizen will receive the RTA pass in the mail approximately two weeks after the forms are submitted by the Village. This service is available to all area seniors.

For individuals who are physically challenged as defined by the Illinois Secretary of State, a doctor's verification of the disability is also needed. Please note the application form must be filled out and signed by a physician.

For questions regarding either service, please call the Village Hall at 620-5700 or TDD 620-5812.

Thirty-nine Lombard businesses were honored at the 2002 Village of Lombard Business Recognition program, sponsored by the Village of Lombard and the Lombard Area Chamber of Commerce & Industry—and, of these, ten were chosen as "winners" in one of five nominations categories.

Winners were determined by the Economic and Community Development Committee. Nominations were accepted from residents, businesses, employees and community groups.

The five categories are:
(1) The "Business Pride" Award Presented to a business that represents the finest example of a successful, responsible company. Criteria include excellence in business management and achievements, outstanding property maintenance and "curb appeal", support of worthy

small business, *Esquire Barber Shop*, 22 W St Charles Rd, *Fotel*, 1125 E St Charles Rd, *Matthies Landscaping*, 600 E St Charles Rd, *Subway Sandwiches & Salads*, 404 W Roosevelt Rd, and *Tambray Lantz Salon*, 4125 Main, government-assisted, *Groce Restaurant*, 2 W St Charles Rd, *Lombard Foot & Ankle Clinic*, 6 E St Charles Rd, *Lombard Hobbies*, 524 E St Charles Rd, and *Super Wash*, 1117 E St Charles Rd.

The two large business nominees tied as winners. *Alter Asset Management* won for improvements at the 1700 S Finley address, and *La-Z-Boy Furniture Galleries* for 240 E Roosevelt Rd. *Matthies Landscaping*, small business, was honored for making streetscape improvements that enhance the St Charles Road Village entry way. *Lombard Foot & Ankle Clinic* won in the government-

District 5 Trustee Ken Florey (left), Chairperson of the Economic/Community Development Committee, and Dr. Charles Moore, President, Northern Baptist Theological Seminary, accepting a 2002 Property Stewardship Award.

Outstanding Lombard Businesses Honored in Annual Village/Chamber of Commerce Award Program

endeavors with money, time or other resources, or encouragement of employee participation in events or activities that positively impact the lives of citizens.

Nominees were: *Amazing Graze*, 18 W St Charles Rd, *Buona Beef*, 498 E Roosevelt Rd, *Fairytales, Inc*, 9 S Park Ave, *Gussy Up Your Cookies/Great American Cookie*, Yorktown Mall, *Hobby House Dolls*, 100 W St Charles Rd, *Income Tax Specialists*, 6 S Park Ave, *Lincoln Photo*, 34 W Roosevelt Rd, *Pioneer Childcare*, 543 E Taylor, *Sky Center Martial Arts*, 26 N Park Ave, *Sterling Auto Body*, 816 E Roosevelt Rd, *Tower Printers*, 408 S Main, *Uncommon USA*, 1125 E St Charles Rd, and *Westgate Lincoln Mercury*, 500 E Roosevelt Rd. *Income Tax Specialists* was awarded the winner's plaque.

(2) The Property Improvement Award. Presented to businesses that have productively improved rundown or vacant properties or dilapidated or functionally obsolescent buildings.

Nominees were: large business, *Alter Asset Management*, 1980 Springer, (two nominations) for (1) 1700 S Finley and (2) 999 Oakcreek, and *La-Z-Boy Furniture Galleries*, 240 E Roosevelt Rd,

assisted category.

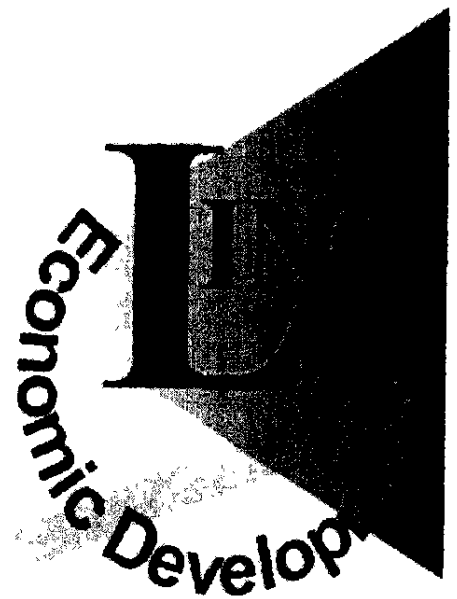

(3) The Property Stewardship Award Presented to businesses for impeccable building and/or landscape maintenance. These businesses go above and beyond standard maintenance by introducing special landscaping work or other specialized landscape features that add color or interest to the property.

Nominees are: large business, *The Shaw Company* for Fountain Square, and *Northern Baptist Theological Seminary*, 660 E Butterfield Rd, small business, *Blessant Tool*, 1136 E Garfield, *Famous Liquors*, 105 E Roosevelt Rd, *Light Brothers*, 340 W Roosevelt Rd, *Pizzeria Uno Chicago Bar & Grill*, 275 W Roosevelt Rd, *the Shopping Center*, 935 S Main, *that's N-ice*, 132 W St Charles Rd, and *White Castle*, 4 E Roosevelt Rd.

Winners were: large business, *Northern Baptist Theological Seminary*, and, small business, *Light Brothers*.

(4) The Major Milestone Award. Recognizes businesses for any one or a combination of these achievements: the development of new technology, introduction of

new or innovative products to the market, setting new performance records, achievement of significant business awards, or for significant business growth and job creation for local residents. One large business, *Sears Great Indoors*, 2860 S. Highland Ave., and one small business, *DuPage Prosthetic-Orthotic Services*, 121 E. Roosevelt Rd., Suite C, were nominated, and both were winners. *The Great Indoors* was honored for creating a high-quality, unique building. *DuPage Prosthetic-Orthotic Services* was honored for inventing the O.H.O.™ Ulcer Healing Orthoses™ which helps diabetic patients heal plantar ulcers, preventing amputation and allowing ambulation. (5) *The Jim Bell Distinguished Developer Award*. Presented to a developer who has constructed a

high quality project in the community. Nominees are *Concord Development*, 1540 E. Dundee, Palatine, for Providence, Providence Glen and Providence Oaks to Kathy Maynard, *Albert Rose Construction* for Highland Condos, *Bob Mueller/United Home Builders*, for private homes, and *John Navak/Fine Home Builders*, for private homes.

Bob Mueller, *United Homebuilders* won in this category.

The awards were presented by Trustee Ken Florey, Chairman of the Economic & Community Development Committee, and Dave Hulseberg, Director of the Community Development Department.

Congratulations to the winners and nominees ♦

TIF Time Extension

The Village of Lombard is proposing a time extension to the existing Downtown Lombard Tax Increment Financing District (TIF). The TIF District was established by the Village in February, 1989, as a catalyst to encourage and promote private development downtown. The original TIF was for a 16-year period. The proposed seven-year extension would bring the TIF to 23 years total--the maximum time allotted as per State Statutes.

The proposed time extension does not add or subtract any land from the existing TIF District boundaries. Rather, the extension is proposed to provide a funding mechanism to facilitate future development projects within the existing TIF District. Specifically, the time extension is intended to facilitate redevelopment of the existing Lombard Park District facility at 143 West St. Charles Road, currently used by the Park District for maintenance operations. The deleterious layout and site use detracts from the overall viability of Downtown Lombard.

The extension would allow the site to be redeveloped with uses and structures consistent with the overall goals and objectives of the established District. Upon approval of the time extension by the Village Board, bids will go out this spring with hoped-for construction in early 2003. ♦

BIG Changes Along Roosevelt Road in 2002!

Several new projects will be underway in 2002 which will help Roosevelt Road continue to be a vibrant commercial corridor. Proposed projects include:

- **525 West Roosevelt Road**. The Village has entered into an agreement with Lombard Toyota to facilitate the redevelopment of the Old El Torito Restaurant. The site was razed in March, 2002.

- **Southwest corner of Roosevelt and Highland Avenue**. Preliminary plans have been submitted to the Village for a brand new BP service station at this site. The proposed facility will include 16 pumps, a convenience mart and an automatic car wash. This development will replace the existing Amoco station as well as the Michelle Danielle Salon and Sharko's Restaurant.

- **Former Carson's Ribs site**: Concept plans are being developed for a variety of medical office uses.

- **Southeast corner of Roosevelt and Meyers Road**. Wilton Partners plan to begin construction later this summer on a new 12,000 square foot retail building that will include a CVS Pharmacy and another retail use. For convenience, the pharmacy will also have a drive-through window.

- **Annexations**. See page 3.

LINC is the official Economic Development newsletter of the Village of Lombard and is provided to keep current and prospective businesses informed about local, state and national issues. In 2002, LINC will be published semiannually in Spring/Summer (May) and Fall/Winter (December).

Pending Annexations Will Strengthen the Roosevelt Road-Westmore/Meyers Road and Route 53-North Avenue Corridors

Recently proposed voluntary annexations along Roosevelt Road and Westmore/Meyers Road plus proposed involuntary annexations in the Route 53/ North Avenue corridor should soon incorporate within the Village of Lombard many sites previously under DuPage County jurisdiction.

Although most motorists may have assumed that Trinity Lutheran Church, the Shell Station, Zelly's Restaurant, Kitchen & Bath Authority, and contiguous properties along Roosevelt Road are within Lombard boundaries, it really isn't so. Hearings begun this April and continued this May are planned to bring these proposed areas of voluntary annexation into the Village.

Hearings to incorporate areas of involuntary annexation will follow this summer. These properties are located at the intersecting southwest and northeast corners of Rt. 53 and North Ave. (Hometown Motors and the defunct Night Court tavern).

The many pending annexations in these key corridors are the result of an Annexation Strategies Study completed and adopted by the Lombard Village Board in February,

2000. Annexation ensures that new development is well planned and consistent with Village standards. It allows existing—and new—businesses access to Village utilities (water, sanitary service), fire and police protection, and access to all Village services. It gives the Village an improved tax base and the opportunity to positively impact these "entrance" corridors.

Proposed voluntary annexations along Roosevelt Road will allow the construction of a CVS Pharmacy in Lombard this fall—at the new "really Lombard" northeast corner of Roosevelt and Westmore/Meyers Road. Property owners on the sites of proposed voluntary annexations—Trinity Lutheran Church, residential properties along Westmore/Meyers, plus the commercial properties on Roosevelt Rd.—have agreed to annex by signing utility agreements with the Village which offer them a 50% reduction in utility connection fees. The Village is hoping to pursue more voluntary annexations in this area.

Utility agreements have been signed for properties along the southwest side of Westmore/

Meyers Road at 1214, 1222 and 1308. Their annexation will be considered by the Board of Trustees when preceding annexations make these properties contiguous with Village boundaries. The Village goal is to pursue annexation along this corridor all the way to 22nd Street, forming a clearly defined, logical Village boundary.

Some existing businesses and homes in the Route 53/North Avenue corridor are subject to involuntary annexation (they are wholly bounded by a municipality and occupy less than 60 acres). They include Hacker's Nursery, Hometown Motors and DuPage Auto Body. Other properties affected are single-family residential homes with contaminated wells, parcels used for contractor parking and a residence-housed landscape business. The Village has met with most owners and hopes to negotiate their areas of concern. Margaret Gibbs, Planner I, Community Development Department, stresses that the annexation program is designed to improve, not impede, the success of Lombard's business community. ●

Looking for Lombard Leasable Space Listings?

The previous LINC insert detailing these listings is now on the Village website, www.villageoflombard.org. Access it in the Community Development Department category on the "Leasable Space" page. Instructions telling how to use the system are on the web page.

Need help? Call Dirk Christensen, the Village Website Specialist, at 620-5906. For a hard copy, please contact Linda Opland, 620-5749. ●

Zoning Change for Commercial Areas Near Downtown

On April 4, the Board of Trustees approved a new zoning district that is intended to serve as a transition between the central business district and surrounding commercial areas.

The new B5A Downtown Penimeter District is essentially the same as the B5 Central Business District, allowing buildings to be constructed right up to the sidewalk. However, while buildings zoned B5 can be up to 45 feet high, the maximum height in the B5A District is only 30 feet. Any building taller than 30 feet would require approval from the Board of Trustees. The B5A District also permits a number of automobile-related businesses as conditional uses.

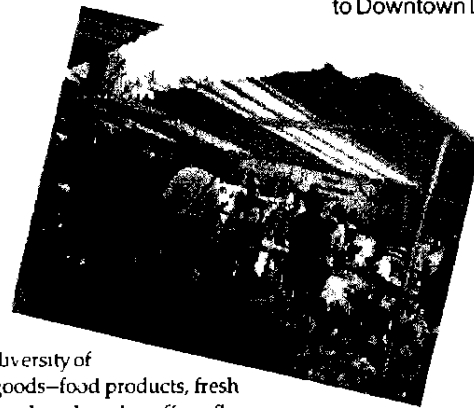

Thirty-one properties on South Main Street between Maple and Hickory have been rezoned to B5A. ◆

Ooh La La! French Outdoor Market Comes to St. Charles Road, Lombard, This May

European public open-air markets are a centuries-long tradition. For 45 years, The Bensidoun Group has managed more than 60 markets throughout the Paris metropolitan area. In 1996, Bensidoun USA, Inc. launched its first French Market in our country, in Wheaton. Public response has been "magnifique" and led Villa Park to open its own Bensidoun managed market in 2001.

Now Lombard shoppers can journey to their own French Market when it opens here in May in the Parkview Pointe parking lot, 105 W St. Charles Road. Under the terms of a market license agreement with the Village signed this April, Bensidoun USA, Inc., will operate the Market completely through March 31, 2006. The Market will be open for shopping Saturday mornings 9 a.m.-1 p.m., May through October.

The Bensidoun Group French Markets offer a novel shopping experience based on marketing a

diversity of goods—food products, fresh produce, breads, coffees, flowers and plants, clothing, jewelry, arts and crafts, and books. Look for some old favorites, too—some quality vendors from Lombard's previous Farmers' Market will join the Bensidoun presentation.

Watch local newspapers or our website www.villageoflombard.org for Grand Opening details. ◆

Colorful canopies and The Bensidoun Group savior faire will soon bring Parisian flair to Downtown Lombard.

From The President's Desk...

Dear Business Community,

On behalf of your Village Board, I CONGRATULATE the Business Recognition Program winners. The program was designed by your Village and the Economic and Community Development Committee to help promote meaningful relationships between the public and private sectors and to improve and maintain the appearance of our business community. Lombard has experienced continued economic growth during the past year. Smart growth, good planning and a strong vision are essential to sound community planning. A committed Village Board and Economic Development Department can make a community great. The 16th Annual National Community Development Week, celebrated recently, provided an opportunity to reflect on the significant role our Community Development Department under the direction of David Hulseberg plays in making Lombard a viable place in which to live and do business. At about the same time, the American Planning Association held its National Planning Conference in Chicago. Planners from around the nation chose from more than 190 sessions presenting the best planning in the city and suburbs. Chicago Metropolitan 2020 reports that the Chicago Metropolitan region is expected to gain 1.5 million people and 800,000 new jobs by 2030. This new growth will bring new challenges-- most importantly, how to maintain and improve the quality of life for residents and businesses. A comprehensive Plan review, input from residents and businesses, plus a comprehensive look at regional issues may be necessary to meet future needs. I was recently elected President of the DuPage Mayors and Managers Conference, a council representing the 36 cities and villages in the County. Its mission is to promote excellence in municipal government. I look forward to serving in this new role. And, as your Village President, I will continue to urge residents to patronize local businesses to maintain a healthy local economy, the core of a stable community.

Sincerely, William "Bill" J. Mueller, Village President
